

School Fund

You will note in the welcome pack details that we ask parents/carers to contribute a small sum to the **school fund**.

This money is used to subsidise school visits and sports events, and to provide non-essential extras, such as computing equipment and musical instruments.

The School Fund contribution will be used in part to provide Personal Accident Insurance for all students. This will cover them against any accident sustained whilst engaged in any activity organised by the school within the United Kingdom.

Please send contributions, together with the form, during the first week of the Autumn Term. Cheques should be made payable to Ashlawn School.
