August 2018

Dear Colleagues,

We are delighted to outline a high-quality INVESTMENT Training Programme for senior, middle leaders and governors. This programme is being delivered in partnership with Transforming Lives Educational Trust and will take place from September 2018 until July 2019 in the first instance.

At ECM we understand and appreciate the challenges and demands on Head Teachers, Senior Leaders and staff in schools, and as such, have devised a wide range of training and support materials that meet the needs of busy leaders, as well as giving excellent value for money. It is our core purpose to make sure that colleagues have the time and assistance to complete major tasks strategy, effectively and to a high standard, through the delivery of high quality, cost effective, solution focused training.

If you attend our ECM training we promise to:

- Provide solutions for your schools, academies, teaching schools alliances and academy trusts
- Support delegates to 'Get a Job Done' during the day, and the systems to support them back at school.

Our comprehensive suite of training courses, all updated this summer with a full programme of new training, are delivered by experienced ECM Education lead professionals, using the most up to date and forward-thinking materials and resources. The impact of this approach secures the processes, systems and structures that underpin outstanding leadership & management and teaching & learning within schools.

For further information on the wider range of ECM training, including new leadership, curriculum and English & maths training, visit our website www.ecm-education.co.uk.

We look forward to working with you.

Yours Sincerely,

John Evans & Mark Mullin
ECM Directors
