CANDIDATE CONSENT

Information for candidates:

If your examination centre makes an enquiry about a result (review of the original marking) and a subsequent appeal, for one of your examinations after your subject grade has been issued, there are three possible outcomes.

- **Your original mark is lowered**, so your final grade may be lower than the original grade you received
- **Your original mark is confirmed as correct**, so there is no change to your grade.
- **Your original mark is raised**, so your final grade may be higher than the original grade you received

In order to proceed with the enquiry about results, you must sign the form below. This tells the Head of your Centre that you have understood what the outcome might be and that you give your consent to the enquiry about results being made.

I give my consent to the Head of my examination Centre to make an enquiry about the result of the examination(s) listed above. In giving consent, I understand that the final subject grade awarded to me following an enquiry about the result and any subsequent appeal may be lower than, higher than, or the same as the grade which was originally awarded for this subject.
