## SCHOOL

- ◆ Provide a positive learning environment for all students that is stimulating, safe, caring and respectful of the family/community
- ◆ Ensure that each student has the opportunities, support and guidance to achieve his/her full potential
- ◆ Establish a partnership that allows regular feedback on each student's progress to take place
- ◆ Expect high standards, set clear rules, promote mutual respect and develop a sense of responsibility
- ◆ Encourage two-way communication about school matters, be welcoming to enquiries and responsive to concerns
- ◆ Encourage extra-curricular activities
- ◆ Provide an academic, balanced and inclusive curriculum
- ◆ Not to share personal information about you or your young adult to anyone else outside the school without notice or consent unless the law or our policy allows us to do so.
- ◆ Seek consent from parents and/or students when we share their information with third party service providers. Details of this can be found in our Data Protection Policy and Privacy Notice which are both available on our website.
- ◆ Under the Education Act 2002 (Section 175), the school will make arrangements to safeguard and promote the welfare of children. The school is committed to protecting students and has designated lead staff for child and data protection. School staff will pass on information which gives rise to a concern about a child's welfare. Where there is no increased risk of harm to the student, parental consent will be sought upon seeking advice from or referral to Social Care. Occasionally, concerns are passed on which are later shown to be unfounded. Parents/carers will appreciate that the designated person for child protection is carrying out their responsibilities in accordance with the law and acting in the best interests of all children.
